Attention Parents, Guardians & Others.

When you are looking for a school why do you listen to exaggerated and unreliable claims of preference made by schools having no experience in giving instruction in imparting a business education, and decide in their favor without personally investigating and making comparison of the courses of instruction, all facilities, expense and reputation of schools? If you will compare them, you will find no difference in favor of the WHEELING BUSINESS COLLEGE so great that you cannot fail to give it the preference in every regard. By so doing you can decide intelligently and avoid making the unfortunate mistake that some do.

Please call or address
